ABOUT KPS WORLDWIDE LOGISTICS

**Moving Your Commerce.
Shaping Global Trade.**

At KPS Worldwide Logistics Pvt Ltd., we bridge the gap between standard logistics and complex project engineering.

For four decades, our experienced professionals have planned, executed, and managed freight movements across major international trade lanes, from single LCL cartons to ultra heavy industrial plants.

We combine logistics expertise, technical planning, regulatory knowledge, and global coordination to deliver reliable cargo movement for both conventional and specialized requirements.

THE KPS ADVANTAGE

COMPREHENSIVE CAPABILITY

A single source logistics partner for both standard freight and specialized cargo movements.

GLOBAL NETWORK

Seamless multi port coordination across major international trade lanes and continents.

ENGINEERING EXCELLENCE

Technical route surveys, cargo planning, lifting plans, and execution support for complex freight.

REGULATORY COMMAND

Licensed customs brokerage and documentation expertise to facilitate efficient and compliant cargo clearance.

WORLDWIDE
LOGISTICS

CONTAINERISED CARGO AND FREIGHT FORWARDING

Global Reach. Flexible Capacities.

Containerized Freight Solutions

We optimize your supply chain with cost effective and reliable container shipping solutions tailored to cargo type, volume, destination, and delivery requirements.

FCL: Full Container Load

Dedicated container solutions utilizing leading ocean carriers for enhanced cargo security, schedule reliability, and efficient transit.

LCL: Less than Container Load

Economical consolidation services for smaller shipments, helping keep inventory moving without the cost of a dedicated container.

Specialized Equipment

Access to specialized container equipment for sensitive, oversized, and out of gauge cargo, including:

- Open top containers
- Flat rack containers
- Reefer containers
- Other specialized equipment based on cargo requirements

OPEN TOP CONTAINERS

FLAT RACK CONTAINERS

REEFER CONTAINERS

OTHER SPECIALIZED EQUIPMENT

Multi Modal Freight Forwarding

Integrating ocean, air, and overland transportation to create efficient end to end logistics solutions.

Air Freight

Expedited global transit solutions and cargo aircraft chartering for time critical components and urgent shipments.

Inland Transport

Reliable first mile and last mile connectivity linking ports, distribution centers, manufacturing facilities, and project sites.

WORLDWIDE
LOGISTICS

PROJECT CARGO AND SPECIALIZED MARITIME

Mastering Break Bulk, RoRo and ODC

Global Break Bulk Operations

Specialized solutions for uncontainerized, high volume, heavy lift, and project cargo.

Project Cargo

End to end cargo management for demanding industries, including:

- Automotive
- Energy
- Infrastructure
- Mining

From planning and port coordination to transportation and final delivery, we manage the movement of complex cargo across the supply chain.

Port Handling

Experienced coordination of:

- Stevedoring
- Heavy crane operations
- Cargo handling
- Lashing and securing supervision

RoRo: Roll on/ Roll off Vessels

Efficient maritime transportation for wheeled, tracked, and rolling stock.

Heavy Machinery

Safe and coordinated loading and transportation of construction, mining, agricultural, and other heavy equipment.

Static Cargo

Smart solutions for oversized static units using Mafi trailers and specialized handling arrangements.

Over Dimensional Cargo: ODC

Tailored inland transportation solutions for out of gauge (OOG) and over dimensional freight.

Route Feasibility

Detailed route surveys covering:

- Bridge load analysis
- Road conditions
- Obstacle clearance
- Route accessibility
- Overall transportation feasibility

Specialized Fleet

Deployment of equipment suited to complex cargo requirements, including:

- Multi axle trailers
- Low bed trailers
- Hydraulic trailers
- Other specialized transportation equipment

Complex Cargo. Expertly Managed.

From planning to final delivery, we move what matters most.

GLOBAL EXPERTISE

Extensive network across continents and trade lanes.

SAFE & RELIABLE

Highest standards of safety and operational reliability.

EXPERIENCED TEAM

Skilled professionals with deep industry knowledge.

TAILORED SOLUTIONS

Customized strategies for complex and unique requirements.

WORLDWIDE
LOGISTICS

CUSTOMS BROKERAGE AND WAREHOUSING

Compliant Clearance. Secure Infrastructure.

Licensed Customs Brokerage

We navigate complex cross border trade requirements to support compliant and efficient customs clearance while minimizing avoidable terminal delays.

Import and Export Entry

Seamless digital filing, documentation management, and coordination for import and export shipments.

Tariff Classification

Precise HTS coding and classification support to help optimize applicable duty and tax exposure.

Specialized Clearances

Handling of specialized requirements including:

- Project import registrations
- Customs bonds
- Free trade zone benefits
- Other project specific clearance requirements

Industrial Warehousing and Transport

Strategic storage and distribution solutions designed to protect cargo and support project logistics.

Flexible Storage

Storage solutions covering:

- Short term requirements
- Long term requirements
- Temperature controlled cargo
- Open yard storage for ODC

Bonded Warehousing

Secure storage facilities for non cleared, bonded, or transit goods.

Value Added Logistics

Professional support services including:

- Export packing
- Industrial crating
- Heavy lashing
- Cargo preparation and handling

COMPLIANT

Adhering to global trade laws and regulations.

EFFICIENT

Streamlined processes to reduce clearance time and delays.

SECURE

Safe handling and storage with robust security protocols.

EXPERTISE

Decades of experience in customs and project logistics.

GLOBAL CONNECT

Strong network with authorities, partners, and service providers.

WORLDWIDE
